

### Remarks

Claims 1 to 3 remain the same.

Claim 4 has been amended “the prototype dengue virus” to the wild type dengue virus.

Claim 5 has been amended “a wild type virus” to a wild type dengue virus.

Claim 6 has been amended dependent of claim 3 to dependent of claim 5.

Claim 7 has been amended dependent of claim 1 to dependent of claim 3 and deleted “substantially identical”.

Claim 8 has been amended “is best at” to done well at as support in the specification.

Claim 9 is canceled.

Claim 10 is added to identify that mutant dengue virus is MBU 01-2002.

For complete of this amendment, I would like to ask for permission to submit amended specification and claims as attachment of this paper.

Dated: July 31, 2009

Respectfully submitted,
